

## Wireless telescopic car mount with suction cup for smartphones and iPhones

SKU: TESUPPMAG15WLONGARM

### Compatible with MagSafe and wireless charging: the perfect holder for any type of vehicle

#### Arm can extend up to 12 centimetres

This **telescopic car phone holder** is equipped with an extendable arm to ensure ease of use **even in campervans and vans**.

#### For the windscreen or dashboard

Enjoy true freedom with this mobile phone holder. You can fix it anywhere on the windscreen or dashboard thanks to the integrated **suction cup**.

#### Magnetic attachment

Your **Apple, Samsung, Xiaomi, Huawei or Oppo** phone can be attached to the mount magnetically. If you have an **iPhone** with **MagSafe** charging, simply hold it close to the round surface of the holder. If, on the other hand, you have an **Android smartphone**, you can simply attach the included **magnetic ring** to the phone casing. Mount your device **vertically or horizontally** with total peace of mind.

#### 15-watt wireless charging

By connecting the holder to a car charger or the USB-A port of your vehicle via the included **USB-A–USB-C cable**, the magnetic surface will deliver **15 watts of power**. Compatible phones can therefore benefit from **wireless** charging. Thanks to the **Automatic Detection System (ADS)** technology, which regulates the energy delivered, you will always enjoy safe **charging**, even with devices requiring less than 15 watts of power.

#### Tiltable

Thanks to the adjustable joint, you can angle and tilt the surface of the mount however you wish.

#### Key features:

- telescopic arm, which can be extended up to 12 cm
- 15-watt wireless charging
- Magsafe-compatible magnetic attachment
- Automatic Detection System (ADS) technology: regulates the energy transmitted for safe charging
- suction cup attachment

- tiltable

**What's included:**

- 1 magnetic ring
- 1 power cable
