Wireless telescopic car mount with suction cup for smartphones and iPhones

SKU: TESUPPMAG15WLONGARM

Compatible with MagSafe and wireless charging: the perfect holder for any type of vehicle

Arm can extend up to 12 centimetres

This **telescopic car phone holder** is equipped with an extendable arm to ensure ease of use **even in campervans and vans**.

For the windscreen or dashboard

Enjoy true freedom with this mobile phone holder. You can fix it anywhere on the windscreen or dashboard thanks to the integrated **suction cup**.

Magnetic attachment

Your **Apple, Samsung, Xiaomi, Huawei or Oppo** phone can be attached to the mount magnetically. If you have an **iPhone** with **MagSafe** charging, simply hold it close to the round surface of the holder. If, on the other hand, you have an **Android smartphone**, you can simply attach the included **magnetic ring** to the phone casing. Mount your device **vertically or horizontally** with total peace of mind.

15-watt wireless charging

By connecting the holder to a car charger or the USB-A port of your vehicle via the included **USB-A–USB-C cable**, the magnetic surface will deliver **15 watts of power**. Compatible phones can therefore benefit from **wireless** charging. Thanks to the **Automatic Detection System (ADS)** technology, which regulates the energy delivered, you will always enjoy safe **charging**, even with devices requiring less than 15 watts of power.

Tiltable

Thanks to the adjustable joint, you can angle and tilt the surface of the mount however you wish.

Key features:

- telescopic arm, which can be extended up to 12 cm
- 15-watt wireless charging
- Magsafe-compatible magnetic attachment
- Automatic Detection System (ADS) technology: regulates the energy transmitted for safe charging
