Car Mount with 25 W Qi2.2 Magnetic Charging

SKU: TESUPPVENTWIRQI225W

Fast, safe charging with ultra-stable attachment

Qi2.2 wireless charging up to 25 W

This car mount guarantees fast and efficient charging thanks to the **Qi2.2 Wireless technology**, which delivers up to **25 W**. It is **compatible with MagSafe iPhones** and with **Qi2.2-certified Android smartphones**, always ensuring maximum power and stability while driving.

Instant magnetic attachment

Thanks to the integrated magnets, your phone attaches to the mount to ensure a **stable** and precise hold, **without any need for mechanical hooks or arms**. The phone and mount align automatically, allowing charging to start immediately without any loss of efficiency.

Advanced security with ADS

The **Automatic Detection System (ADS) technology** automatically recognises the connected device and **regulates the power output**. **Charging is therefore optimised, protecting the device** from any risk of short circuits, overloading or overheating.

Integrated active cooling

A ventilation fan **keeps the temperature under control** during use, improving heat dissipation and ensuring consistent performance, even during fast charging.

Stable and adjustable mounting

The mount is easy to attach to the **air vent** thanks to the sturdy clip. Under the clip, there is a **stabilising arm** that increases grip and ensures **perfect stability**, even on rough roads or during sudden braking. Furthermore, thanks to its **360° rotation**, you can orient your smartphone both vertically and horizontally, adapting to GPS navigation, calls and music.

Included cable for instant charging

The mount is supplied with a **charging cable**, which is used to power it and instantly harness all the Qi2.2 power up to 25 W.

Key features:

- Qi2.2 wireless charging up to 25 W
- Compatible with MagSafe iPhones and Qi2 Android smartphones
- Stable magnetic attachment with automatic alignment

- Automatic Detection System (ADS): safely regulated power
- Built-in cooling fan to prevent overheating
- Clip fastening to attach to the air vent
- Stabilising arm for extra-stable grip
- 360° rotation for vertical and horizontal use
- Compact, durable and modern design

Includes:

- 1x power cable
