

65 W battery charger with HDMI port

SKU: TETR1CHDMIPD65

A charger with the power to recharge your device and simultaneously share content on a screen or TV

Fast and smart charging

Equipped with a **USB-C port with Power Delivery (PD) technology**, this charger offers **up to 65 W of power**, ensuring fast and safe charging for compatible notebooks, tablets and smartphones. The power delivery is intelligently adjusted based on the connected device, avoiding waste and protecting the battery.

Integrated HDMI port

In addition to charging, the charger includes an HDMI port that allows you to **project or mirror content from the charging device** onto monitors, TVs and projectors. A practical solution for presentations, entertainment, or smart working, with no need for additional adapters. Practical and compact design With a format designed to be easily transported, the charger combines **charging and mirroring functions in a single accessory**. Perfect for everyday use at home, in the office and on the move.

Guaranteed safety

The charger prevents overheating, overcharging and short-circuiting, providing a reliable and safe charging experience.

Key features:

- 65 W maximum power with fast charging
- USB-C port with Power Delivery
- HDMI port for mirroring to TVs, monitors and projectors
- "Two in one" solution: charging + content projection
- Compact design, ideal for home, office and travel
- Built-in protection against overheating and overcharging
