

65 W battery charger with HDMI port

SKU: TETR1CHDMIPD65

A charger with the power to recharge your device and simultaneously share content on a screen or TV

Fast and intelligent charging

Equipped with a **USB-C port with Power Delivery (PD) technology**, this charger delivers **up to 65 W of power**, ensuring fast and safe charging for compatible notebooks, tablets and smartphones. Power delivery is intelligently adjusted according to the connected device, preventing energy waste and protecting the battery.

Integrated HDMI port

In addition to charging, the charger includes an HDMI port that allows you to **mirror or extend the content of the connected device** to monitors, TVs and projectors. A practical solution for presentations, entertainment or smart working, without the need for additional adapters.

Compatibility note

The video output function is available only with devices equipped with a **USB-C port supporting video output (USB-C 3.1 or higher / DisplayPort Alt Mode)**. It is not compatible with all smartphones, especially older models. For proper operation, a **USB-C 3.1 cable or higher** must also be used.

Practical and compact design

Designed to be easily portable, this charger combines **charging and screen mirroring functionality in a single accessory**. Perfect for everyday use at home, in the office or while traveling.

Guaranteed safety

The charger prevents overheating, overload and short circuits, ensuring a reliable and safe charging experience.

Key features:

- Maximum power 65 W with fast charging
- USB-C port with Power Delivery
- HDMI port for mirroring on TVs, monitors and projectors
- Two-in-one solution: charging + content projection
- Compact design, ideal for home, office and travel
- Integrated protection against overheating and overload
