

Charger with GRS material

SKU: TETR1CPD25LGGRS

The wall charger that charges all your devices at 25 Watts

Made from GRS-certified recycled plastic

This charger contains **51%** of certified recycled polycarbonate. The **Global Recycled Standard (GRS) certification** is internationally recognised and guarantees the traceability of recycled materials. This USB-C charger is designed to meet the **highest environmental and social standards** for recycled plastic.

Powerful, safe recharging

It delivers power up to **25 Watts** and, thanks to **Power Delivery (PD)** technology, it can charge with high power while always protecting the **smartphone, tablet, speaker, e-reader** being charged from short circuits or overheating. This way, charging will be fast and, at the same time, very safe.

The European plug makes it a travel charger

The European plug is used in many countries around the world, ensuring wide compatibility. Its compact size mean you can easily put it in a backpack, handbag, clutch, or laptop bag - always take it with you on your travels and commutes.
