

GaN Charging Station with 4 ports - ultrafast charging with 2 x USB-A and 2 x USB-C ports

SKU: TETR3USBTCPD75GNW

The compact charging station that charges up to 4 devices at the same time safely and ultrafast

CHARGE UP TO 4 DEVICES AT THE SAME TIME

This charging station features **two USB-C ports and two USB-A ports** so you can charge your laptop, smartphone, tablet and TWS earphones, for instance, all at once. Plug it into a power outlet via the **power cable** included and instantly start charging your devices quickly and safely.

GaN: GREATER POWER, SMALLER SIZE

The stand-out feature of this charging station is its **gallium nitride (GaN)**: a semiconductor that can enhance device efficiency. **Charging time is actually halved** compared to a normal charging station while its **size is reduced by 40%**. You'll get an extremely **high-performing accessory** that can also be **easily stored in a bag or backpack**.

USB-C PORTS CHARGE ULTRAFAST

Its two USB-C ports provide a **total capacity of 75W** thanks to **Power Delivery (PD)** technology designed specifically to ensure optimised charging. **The first input** is the most powerful: with **45W**, you can even charge a **USB-C enabled laptop** like a MacBook with Thunderbolt technology. Meanwhile, **the second input** delivers **18W** for ultrafast **smartphone, tablet, speaker, headphone and smartwatch** charging.

MAXIMUM SAFETY WITH USB-A PORTS

If you have a cable with a USB-A connector, you can easily charge your devices using the green and blue ports.

The **green port** features **Adaptive Fast Charge (AFC) technology**: it recognises the device's power needs and provides **18W** of ultrafast charging.

The **blue port** delivers **12W** and will always provide each of your devices with the right amount of power thanks to **Intelligent Charge (IC) technology**.

These technologies ensure **charging free from overheating or short-circuiting**: safety is a key feature of this charging station.

KEY FEATURES:

- Gallium Nitride (GaN) semiconductors
- Charges up to 4 devices simultaneously
- Two 45W and 18W USB-C ports with Power Delivery (PD) technology
- Green 18W USB-A port with Adaptive Fast Charge (AFC) technology
- Blue 12W USB-A port with Intelligent Charge (IC) technology
- Size: 11x10x2

INCLUDES:

- 1 x charging station
- 1 x 1 metre power cable with EU plug

GaN Charging Station with 4 ports - ultrafast charging with 2 x USB-A and 2 x USB-C ports
SKU: TETR3USBTCPD75GNW

Technical data

SKU: TETR3USBTCPD75GNW

Weight: 30 g

Maximum output power: 75 W

EAN: 8018417311925

GPSR: The product must not be used by children or by people unable to understand the potential risks., Item subject to WEEE Directive 2012/19/EU, Item subject to CE marking, The device is protected by double insulation, an earthed connection is not permitted, Packaging of the item subject to the "Green Dot" recycling system, Use the product indoors and in a sheltered environment, The item packaging is recyclable, Item subject to UKCA marking

Color: black

Input: 100-240 V A.C. 50/60 Hz - 1.8 A

Output: 3x 5V D.C. 2A (30W Max)

Connector: 2xUSB-A, 2xUSB-C

Plug type: EU EU (Type C)

Technology: Adaptive Fast Charge, Intelligent Charge, Power Delivery (PD)

USB Output: AFC 18W

Connector 1: 2xUSB-A, 2xUSB-C

USB 2 Output: 5V D.C. 2.4 A

Charging type: Fast, Power Delivery 75W

Input voltage: 100-240 V A.C. 50/60 Hz - 1.8 A

Type C output: PD 18W, PD 45W
