Travel pillow with neck support, soft padding, and adjustable closure

SKU: TETRAVPILLOW

Supports the head and neck, reduces cervical tension, and promotes comfortable rest during travel.

TRAVEL PILLOW TO SUPPORT HEAD AND NECK DURING REST

The **travel pillow from the Go First Memory Collection** is designed to provide gentle support to the head and neck while travelling. Thanks to its **contoured shape with cervical support**, it helps maintain a comfortable position when resting in a seated position, reducing tension in the neck area. Ideal for **airplane, train and bus journeys**, it accompanies moments of relaxation and allows you to face even the longest transfers with greater comfort.

SOFT PADDING AND CERVICAL SUPPORT FOR PROLONGED COMFORT

The **soft padding of the cervical pillow** offers a pleasant feeling of comfort and gently supports the head during rest. The **ergonomic U-shaped design** wraps around the neck, helping to keep it more stable and limit involuntary side movements when falling asleep while seated. This helps reduce the feeling of cervical fatigue and promotes more relaxing rest, particularly useful during long journeys or waits at the airport.

ADJUSTABLE CLOSURE AND POLYESTER COVER FOR PRACTICAL USE

The **travel pillow** features an **adjustable closure** that allows you to tailor the support to your needs. Simply place it around your neck and adjust the closure to achieve a stable and comfortable fit. Made of **100% polyester**, it has a soft-to-the-touch surface, ideal for accompanying moments of rest. Its contoured structure makes it a versatile accessory for relaxing during journeys, transfers and daily breaks.

WHAT SETS IT APART

- Travel cervical pillow
- Gentle support for head and neck
