

## 65W Wall Charger

SKU: TETRAN65W

### Charger 1xUSB-C PD 65W, 1xUSB-A 18W

#### THE BEST CHOICE

Ultra-fast and extra-small, the **GaN 65W wall charger** represents a combination of innovation and practicality to serve all your devices.

Connect it at the wall thanks to the European plug and start powering your devices. **You will be amazed at the speed of charging.**

#### NEW FRONTIER

**Gallium nitride** is a semiconductor capable of **increasing the performance and charging efficiency** of the accessory. Not only is it a high-tech component, but it is also small in volume, **reducing the size of the charger.**

Compared to a standard charger of the same power, the accessory with GaN technology is **40%** smaller.

**Charging times are also reduced:** your device is recharged in about half the time compared to using a 2.1A Fast Charge charger.

Thanks to this technology, **compatibility is extensive.** The charger can power many types of Android and Apple devices: smartphones, tablets or laptops.

#### PORTS AND PERFORMANCE

The GaN charger has two outputs: **one 65W USB-C Power Delivery port** and another **18W USB-A port**. It is therefore possible to power two devices at the same time.

Using just the USB-C output, the charger can charge:

- a smartphone in about 20 minutes\*
- a tablet in about 45 minutes\*
- a laptop in about 95 minutes\*

Check if your device is compatible with Power Delivery technology: you can power the latest generation iPhones, Notebooks, MacBooks, tablets, digital cameras, action cams, drones, earphones, headphones, speakers, consoles and joysticks.

The USB output is equipped with the **Adaptive Fast Charge** energy transfer protocol. If your smartphone or tablet is compatible with this technology, up to **18 watts of power** will be delivered. In about 45 minutes\* your device will be fully charged.

**FEATURES:**

- Gallium nitride semiconductors
- Extra-compact and ultra-fast
- 1x65W USB-C Power Delivery output
- 1x18W USB-A Adaptive Fast Charge output
- Extensive Apple and Android compatibility
- EU plug

\*Charging times are approximate and depend on the device being charged

65W Wall Charger  
SKU: TETRAN65W

## Technical data

SKU: TETRAN65W

Weight: 97 g

Maximum output power: 65 W

EAN: 8018417311833

GPSR: The product must not be used by children or by people unable to understand the potential risks., Item subject to WEEE Directive 2012/19/EU, Item subject to CE marking, The device is protected by double insulation, an earthed connection is not permitted, Packaging of the item subject to the "Green Dot" recycling system, Use the product indoors and in a sheltered environment, The item packaging is recyclable, Item subject to UKCA marking

Color: white

Input: 100 - 240 VAC / 50-60 Hz

Output: 5/9/12/15 V D.C. 3.0A - 20 V D.C. 3.25A (PD 65W)

Connector: 1xUSB-A, 1xUSB-C

Plug type: EU EU (Type C)

Technology: Adaptive Fast Charge, Power Delivery (PD)

Connector 1: 1xUSB-A, 1xUSB-C

Charging type: Power Delivery 65W

Input voltage: 100 - 240 Vac / 50-60 Hz
