45-Watt Charger with Integrated Display

SKU: TETRGANLCD1C45K

The Power Delivery (PD) charger that charges your devices ultra-fast

Fast and safe charging

This charger powers your phone, tablet, speaker, e-reader, or TWS earbuds ultra-fast. The **USB-C port** delivers up to **45 watts** and, thanks to **Power Delivery (PD) technology**, this high amount of energy is transferred with maximum protection against overheating or short circuits. It can also power **some laptops** and **MacBooks** compatible with charging via USB-C. It's perfect for last-minute charges: your phone will be fully charged in 20 minutes, your tablet in 40, and your laptop in 70.

The integrated status display

Thanks to the display, you'll always know with what power your device is being charged. Monitoring is automatic.

Powerful and very compact thanks to GaN semiconductors

This charger is made with Gallium Nitride (GaN) semiconductors. Accessories with this feature are more compact and also very powerful.

The European plug makes it perfect for travel

No installation required, just plug it into a compatible socket and connect your device via your USB-C cable. Charging starts automatically. The European plug is **used in many countries around the world**: take this charger with you when traveling.

Key features:

- 45 watts of power
- Integrated display for power monitoring
- USB-C port
- Power Delivery (PD) technology
- European plug
