

100 W USB-C charger with TFT display and 4 ports to quickly charge smartphones, tablets, laptops

SKU: TETRAGANTFT100WK

Total charging control for all types of devices

4 PORTS FOR ALL YOUR DEVICES

Equipped with **3 USB-C Power Delivery ports** and **1 USB-A Adaptive Fast Charge port**, this charger allows you to **charge up to 4 devices simultaneously**. It is the perfect solution for powering **smartphones, tablets, earphones, power banks and even laptops**. With just one accessory, you can charge your iPhone, MacBook, and Android tablet, saving space and time at home, in the office, or on the go.

TFT DISPLAY: INSTANT VISUAL MONITORING

The **integrated smart screen** shows the power delivered to each port in real time. Check if your notebook is receiving the **full 100W** or if your smartphone is charging at the optimal speed in a flash. A useful and intuitive feature for anyone who wants to **stay in the loop while charging**. Tap the **touch button** to change the screen. **By holding it down**, the display **will automatically rotate 90°**, allowing you to **always keep the screen perfectly readable**, no matter the orientation of the charger.

POWER CONTROL 2.0 TECHNOLOGY

The advanced **Power Control 2.0** function automatically manages the power distribution between the ports. When you connect multiple devices, the charger will adjust the power based on the needs of each device, avoiding overloads and optimising the charging times. For example: **70 W for the laptop, 30 W for the tablet**, with no need for manual configurations. Charging is always safe and efficient.
