65W USB-C GaN Wall Charger with Touch Display, Power Delivery 3.2, AVS and iPhone Detection

SKU: TETRGANTFT1C65

Compact charging with real-time control

CHARGE DIFFERENT DEVICES WITH A SINGLE ACCESSORY

Charge compatible smartphones, tablets, TWS earbuds and laptops with a single accessory thanks to the Pulse Power **65W USB-C wall charger**. **Power Delivery 3.2 up to 65W** allows the charger to deliver the most suitable power level for the compatible device connected, selecting the appropriate wattage to help prevent overheating and unnecessary energy loss. Thanks to **iPhone Detection**, the charger recognises the connected supported iPhone model* and shows real-time charging information on the display.

GAN AND AVS TECHNOLOGY: POWER IN A COMPACT DESIGN

GaN technology uses gallium nitride semiconductors to manage high power levels within an ultra-compact body measuring just **40 x 35.8 mm**. In addition to Power Delivery, **AVS (Adjustable Voltage Supply)** adjusts the charging parameters of compatible devices even more precisely through continuous micro-adjustments of voltage and power throughout the charging process. AVS charging technology is particularly suitable for power-demanding devices such as laptops and selected smartphones, including the iPhone 17 series and later models.

TOUCH DISPLAY WITH LIVE MONITORING

The **smart colour display** lets you quickly check output power and temperature as well as select the charging mode. The charger features two modes: **Boost mode** delivers up to 65W for faster charging at maximum power, while **Night Mode** limits output to a maximum of 20W. This makes it ideal for overnight charging, as the reduced power helps preserve the battery health of the connected device.

The display also features **SenseMojis**, animations that intuitively show the connection and charging status. With the **touch control**, you can move from one screen to another with a single press, while pressing and holding for three seconds rotates the display by 90° to adapt it to the position of the wall socket.

*from iPhone 13 series onwards

WHAT SETS IT APART

- USB-C charging up to 65W
- Smart colour display with touch controls
- Compact and efficient GaN semiconductors
- iPhone Detection: automatic recognition of the connected iPhone model (compatible models only)
- Compact size: 40 x 35.8 mm

- Power Delivery 3.2: output power control
- AVS technology: ultra-precise adjustment of charging parameters
- Two charging modes: Boost and Night Mode
- Ideal for wireless earbuds, smartphones, tablets and laptops

WHAT'S IN THE BOX

- 1 wall charger

65W USB-C GaN Wall Charger with Touch Display, Power Delivery 3.2, AVS and iPhone Detection
SKU: TETRGANTFT1C65

Technical data

EAN: 8018417547492
SKU: TETRGANTFT1C65
GPSR: The product must not be used by children or by people unable to understand the potential risks., Item subject to WEEE Directive 2012/19/EU, Item subject to CE marking, The device is protected by double insulation, an earthed connection is not permitted, Packaging of the item subject to the "Green Dot" recycling system, Use the product indoors and in a sheltered environment, The item packaging is recyclable, Item subject to UKCA marking
Color: black
Net Depth: 8 cm
Input: 110-240V AC 50/60 Hz 1.5A
Net Width: 3.5000 cm
Net Height: 3.5000 cm
Length: 3.5000 m
Output: 5V D.C. 3A / 9V D.C. 3A /12V D.C. 3A/15V D.C. 3A /20V D.C. 3,25A (PD 65W)
Weight: 165 g
: 85044060
Connector: 1xUSB-C
Plug type: EU
Technology: Adjustable Voltage Supply, GaN, Power Delivery (PD)
Output power: 65W
Charging type: Power Delivery
Input voltage: 114 - 240V
Maximum output power: 65 W
