

65-watt GaN charger with Power Delivery (PD)

SKU: TETRGANUSB2C65W

Small and powerful, with 3 USB ports to charge all your devices

What sets GaN chargers apart

This charger is made with **gallium nitride semiconductors**. The charger is therefore **small but very powerful**, measuring just 6.5 x 3.4 x 3.4 cm. The ultra-compact charger still guarantees impressive charging performance.

Ultra-fast charging for all your devices

The **650W GaN charger** is the ideal choice for people with powerful accessories that need a high level of energy. It can **power up to 3 devices simultaneously**.

Smart design: practical and functional

Its unique design makes it very practical: you can insert it into a wall socket either way up and **easily insert your charging cable**.

Power Delivery (PD) supply: lots of power, maximum safety

Equipped with a European plug, this charger features **two USB-C Power Delivery (PD) outputs** that deliver **45 and 65 watts** respectively. Even if both are in use, these ports will never deliver **less than 65 watts**. They can charge any device in a flash: **iPhones** and **Android smartphones** from brands such as Samsung, Oppo, Xiaomi and Huawei charge in **15 minutes**; **tablets and iPads** charge in **30 minutes**; and **laptops and MacBooks** in **50 minutes** (charging times are estimates and depend on the battery of the device being charged).

Power Delivery technology combines **impressive charging performance** with **unmatched safety**. There is no risk of short circuits or overloads during charging.

The 36W USB-A port is fast and safe

This universal charger has a third output that supports **USB-A** cables. This port is equipped with **Adaptive Fast Charging (AFC)** technology that determines the power your smartphone or tablet needs. The charger can deliver **36W** to ensure a fast and safe supply without your device being overloaded.

Key features:

- Gallium nitride (GaN) semiconductors: small but powerful
- universal charging for smartphones, tablets, laptops, speakers, e-readers, smartwatches and more
- Maximum power output: 65 watts
- size: 65 x 34 x 34 mm

- smart design
- 2 USB-C ports delivering 45 and 65 watts respectively with Power Delivery technology (PD)
- 1 36W USB-A port with Adaptive Fast Charge (AFC) technology
- European plug

65-watt GaN charger with Power Delivery (PD)
SKU: TETRGANUSB2C65W

Technical data

SKU: TETRGANUSB2C65W

Weight: 104 g

Output power: 65W

Maximum output power: 65 W

EAN: 8018417443893

GPSR: The product must not be used by children or by people unable to understand the potential risks., Item subject to WEEE Directive 2012/19/EU, Item subject to CE marking, The device is protected by double insulation, an earthed connection is not permitted, Packaging of the item subject to the "Green Dot" recycling system, Use the product indoors and in a sheltered environment, The item packaging is recyclable, Item subject to UKCA marking

Color: black

Input: 100-240 V A.C. 50/60 Hz - 1.5 A

Output: With 3 devices connected: 45W+15W (60W max)

Connector: 2xUSB-C, 1xUSB-A

Plug type: EU EU (Type C)

Technology: Adaptive Fast Charge, Power Delivery (PD)

USB Output: 5 V D.C. 3A/9 V D.C. 3A/12 V D.C. 3A (36 Watt max)

Connector 1: 2xUSB-C, 1xUSB-A

Connector 2: USB Type A male

Charging type: Fast, Power Delivery 65W

Input voltage: 100V - 240V A.C. 50/60 Hz 1.5 A

Type C output: All USB-C ports occupied: 65W max
