60W Power Delivery 3.2 and AVS Wall Charger Kit with 2 Ports and 1.5 m Braided USB-C Cable

SKU: TETRKITGAN2C60MINI

Powerful and versatile charging for multiple devices in a compact format

UP TO 60W OF POWER FOR THE DAILY CHARGING OF ALL YOUR DEVICES

The **60W wall charger kit** delivers power and convenience in a micro-sized format designed for iPhone, smartphones, tablets, earbuds, and compatible laptops. The **2 USB-C ports** allow you to charge two devices simultaneously, reducing waiting times and making every charging session more efficient. The included **1.5 m USB-C cable** lets you start charging immediately at home, in the office, or while traveling, without the need for additional accessories.

ADVANCED POWER MANAGEMENT

The **Adjustable Voltage Supply** technology dynamically adjusts voltage during charging, delivering up to **60W** for compatible devices with higher power requirements, such as laptops and iPhone 17 models, while preventing overheating and protecting internal components like the battery.

For devices with lower charging needs, such as smartphones, tablets, or wireless earbuds, the **Power Delivery 3.2** technology enables the charger to deliver up to **40W** through the USB-C ports. Power output is automatically optimized according to the requirements of the connected compatible device, helping prevent overload risks.

When two different devices are connected, power is intelligently distributed between the two ports for efficient simultaneous charging. For example, you can charge a smartphone and wireless earbuds at the same time.

MINIMAL SIZE, MAXIMUM CONVENIENCE

The charger is built with **gallium nitride (GaN) semiconductors**, allowing high performance in a **compact size of just 33 x 42 mm**.

The included **USB-C cable** can be used for both charging and data synchronization and transfer, making it a complete and versatile accessory. The braided fabric finish feels soft to the touch while remaining durable and tangle-free, so the cable is always tidy and ready to use — perfect for everyday use on your desk, bedside table, or in your bag.

KEY FEATURES

- Dual USB-C ports
- AVS technology up to 60W for adjustable voltage and power
- Power Delivery 3.2 up to 40W: intelligent power management
- GaN semiconductors: more compact and more efficient

- 1.5 m braided tangle-free charging and data cable

WHAT'S INCLUDED

- 1 micro wall charger
- 1 cable

60W Power Delivery 3.2 and AVS Wall Charger Kit with 2 Ports and 1.5 m Braided USB-C Cable
SKU: TETRKITGAN2C60MINI

Technical data

EAN: 8018417536557
SKU: TETRKITGAN2C60MINI
GPSR: The product must not be used by children or by people unable to understand the potential risks., Item subject to WEEE Directive 2012/19/EU, Item subject to CE marking, The device is protected by double insulation, an earthed connection is not permitted, Packaging of the item subject to the "Green Dot" recycling system, Use the product indoors and in a sheltered environment, The item packaging is recyclable, Item subject to UKCA marking
Color: white
Net Depth: 8 cm
Input: 100-240- V A.C. 50/60 Hz - 1A
Net Width: 3.3000 cm
Net Height: 3.3000 cm
Output: 60W
Weight: 120 g
: 85044060
Connector: 2xUSB-C
Plug type: EU
Technology: Adjustable Voltage Supply, GaN, Power Delivery (PD)
Output power: 60W
Charging type: Power Delivery
Input voltage: 100 - 240 Vac / 50-60 Hz
Included accessories: 1 USB-C power cable
Maximum output power: 60 W
