30 W USB-C GaN charger with retractable cable

SKU: TETRRET30WK

Perfect for every trip: fast charging, zero tangles

CHARGE TWO DEVICES SIMULTANEOUSLY

Thanks to the **integrated Type-C cable** and the **additional USB-C port**, you can charge up to two devices at the same time. At home, in the office or on the go, simply connect your smartphone to the retractable cable and another device to the port: **no more separate chargers** filling up your bag.

GaN TECHNOLOGY: COMPACT AND POWERFUL

Thanks to the **gallium nitride (GaN)** semiconductors, this 30 W USB-C charger is **lighter and more efficient** than traditional models. Despite its small size, it ensures fast and safe charging for even the most demanding devices such as **tablets and laptops**.

NO TANGLED CABLES

The **75 cm retractable cable** rolls up inside the charger with a simple gesture. Pull it out when you need it, then pull it again when you're done: **maximum convenience without clutter**. Ideal for people who travel or want to keep their charging station tidy.
