Charger with two USB-C ports and one USB-A port, 65W power, and UK plug

SKU: TETRUSB2CPD65WUK

Charge up to 3 devices simultaneously

UK Plug: Suitable for all countries with this socket
This charger is equipped with a UK plug, suitable for charging in countries like England, Scotland, Northern Ireland, Ireland, Wales, and many others.
Three charging ports: The advantages of the charger
The charger has three outputs, allowing you to charge up to three devices at the same time.
Two USB-C ports with Power Delivery (PD) 65W
The USB-C outputs support Power Delivery (PD) technology up to 65W. This charging standard delivers more power in a short time, making it ideal for devices that require high power, such as **laptops and tablets**. The benefits of Power Delivery charging include:
Faster charging: With up to 65W, you can quickly charge compatible devices like smartphones, tablets, and some laptops. For example, a smartphone can be fully charged in just 15 minutes.
Device safety: The PD power adapter enables communication between the charger and the device, automatically adjusting the power output based on the device's needs, optimizing the charging process, and preventing overheating.
USB-A with Adaptive Fast Charge at 30W
The USB-A port features Adaptive Fast Charge, a technology that automatically adjusts the output power to deliver the best possible charging speed based on the capabilities of the connected device. The main benefits of this technology include:
Optimized charging: The Adaptive Fast Charge charger detects the type of device connected and adjusts the power accordingly, ensuring fast charging without the risk of overcharging.
Universal compatibility: It is compatible with a wide range of devices, such as **TWS earphones, e-Readers, or speakers**, allowing you to quickly charge phones that do not support Power Delivery, such as many Android smartphone models like Xiaomi, Oppo, and Samsung.
Charging times
The 65W charger is designed to be highly efficient, offering fast charging times for various types of devices:
Smartphone: Fully charged in 15 minutes, thanks to the high power output via the USB-C port with PD.
Tablet: Fully charged in 30 minutes, using the optimized output of the charger.
This wall charger is an excellent choice for those looking for a versatile, powerful, and smart charging solution that meets the needs of a wide range of electronic devices.

Key features:

- 3 ports to charge three devices simultaneously
- 2 USB-C ports with 65W Power Delivery for compatible devices
- 1 USB-A port with Adaptive Fast Charge for earphones, speakers, power banks, Android phones without Power Delivery
- Charge a smartphone in 15 minutes and a tablet in 30 minutes
- UK plug

Charger with two USB-C ports and one USB-A port, 65W power, and UK plug

SKU: TETRUSB2CPD65WUK
GPSR: The product must not be used by children or by people unable to understand the potential risks., Item subject to WEEE Directive 2012/19/EU, Item subject to CE marking, The device is protected by double insulation, an earthed connection is not permitted, Packaging of the item subject to the "Green Dot" recycling system, Use the product indoors and in a sheltered environment, The item packaging is recyclable, Item subject to UKCA marking
Color: black
Input: 100-240 V A.C. 50/60 Hz - 1.5 A
Output: 65W
Weight: 160 g
: 85044060
Connector: 2xUSB-C, 1xUSB-A
Plug type: UK UK (Type G)
Technology: Adaptive Fast Charge, Power Delivery (PD)
Connector 1: 2xUSB-C, 1xUSB-A
Output power: 65W
Charging type: Power Delivery 65W
Input voltage: 100V - 240V A.C. 50/60 Hz 1.5 A
Recharging time: N/A
Maximum output power: 65 W
