Virtual Reality Viewer with earphones

SKU: TEVREARBOX

Virtual reality viewer with built-in retractable in-ear earphones, 3.5mm jack, volume control key, action key

This ***virtual reality viewer*** is the ideal product for those who want to experience a unique mobile gaming experience.
Innovative technology and materials that combine comfort and practicality make this viewer a *must-have* for anyone who loves gaming on smartphones.

The VR Viewer is compatible with **Android** and **iOS** operating systems and fits all smartphones in 4.7" and 6" sizes. The cushioned material applied around the eye contour guarantees unmatched comfort; in addition, the elastic strap is adjustable and provides exceptional comfort.

This virtual reality viewer also comes with retractable **in-ear earpieces** to provide 360° all round sound.
Control buttons are at your fingertips: you can adjust the volume and answer any incoming calls on your smartphone; also, thanks to the **"action" button**, you can interact quickly and easily with the game.

Using this viewer is very simple: you just have to insert the smartphone into the slot and adjust the lens's eye distance. From this point you are ready to immerse yourself completely in virtual reality.
The new frontier of entertainment is now virtual reality. Comfort and playability are accompanied by the highest levels of visuals and sound: it's the ideal choice for true enthusiasts.

Download the PDF in the "Documentation" to obtain the updated list of compatible apps.
