Sanitizing wipes

SKU: TEWIPE50PC

Sanitizing wipe for screens and external surfaces, size 6 x 6cm, composition: 75% isopropyl alcohol and 25% water, pack of 50

Sanitising wipes are a useful tool for cleaning your devices' screens, keys and external surfaces.

During the day you use devices such as smartphones, tablets, PCs, mice and remote controls **many times and for several hours**. These wipes allow you to clean the screen where germs, viruses and bacteria settle.

The pack contains 50 wipes, each with a size of 6 x 6cm. Their use is **simple, instant and streak-free**.

Thanks to their composition (75% isopropyl alcohol - 25% water), just **a few simple swipes** on the screen and non-porous surfaces of your device are enough to make it shine and sanitise it at the same time. Their **soft anti-scratch material** prevents damage during cleaning.

Good hygiene habits will also enhance the look of your accessories.

Features:
