3-in-1 vertical wireless charging station

SKU: TEWIRMAG3IN1

Charge up to 3 wireless charging-enabled devices simultaneously

For iPhones 16/15/14/13/12, Androids, Apple Watches and earphones with wireless charging

This **vertical wireless charging station** is perfect for wirelessly charging **3 devices at the same time**. The charger on the metal stand is ideal for charging **Apple iPhones with MagSafe** capabilities. The surface actually uses magnets to connect to the phone, holding and charging it. On the metal stand, there is a compartment designed for an **Apple Watch charger** (not included). The flat base of the charging station is also equipped with a **5-watt charger**: use it to charge a **smartphone**, a pair of **AirPods**, or other earphones with wireless charging.

Up to 15 watts of power: fast charging

You can charge the station itself using the included **USB-A to USB-C cable**. The magnetic base on the metal stand will deliver up to 15 watts of power, allowing your devices to charge quickly. The **Automatic Detection System (ADS) technology recognises the power needs of different devices** and regulates the power output accordingly. This feature is particularly ideal for iPhones that require 7.5 watts of power. **Charging** is therefore totally **safe**, with no risk of overheating or short-circuiting.

Compact vertical design

This **charging station** takes up very little space thanks to its **minimalist vertical design**. Additionally, thanks to the suction cup under the flat base, it attaches firmly to flat surfaces: the perfect accessory for your desk at the office or at home.

Key features:

- wireless charging
- charges up to 3 devices simultaneously
- maximum power: 15 watts
- Automatic Detection System (ADS) technology: recognises the charging needs of different devices and regulates the power
- compartment for Apple Watch charger (not included)
- flat base with 5-watt charger
- vertical design: takes up very little space, perfect for your desk

Includes:

- USB-A to USB-C charging cable
