Desktop stand with integrated wireless charger

SKU: TEWIRMAGSTAND10W

Easily charge compatible devices right at your desk at home or in the office

Designed to be compatible with all iPhone models that support MagSafe technology

This stand is designed for all iPhone models that support **MagSafe charging technology**. The device's **magnetic surface** attracts it to the base, helping it to remain firmly in place and allowing you to attach and remove the smartphone with one hand. Thanks to **Automatic Detection System (ADS) technology**, the charger automatically detects the connected device and charges using the relevant amount of power required to prevent power surging. This feature is particularly suitable for **iPhones** that require a **7.5 Watt** power supply.

It also keeps your Android smartphone stable while charging it

The **desktop stand with wireless charger** comes with a **comfortable and practical support stand** that you can put your mobile phone on, giving you an optimal vertical view of the screen of your device. The integrated wireless charger also lets you watch videos, episodes of your favourite TV shows or make recordings while your QI-compatible phone is charging. Simply connect the holder using the **power cable with USB-A and USB-C connectors (included** with the stand) to automatically activate wireless charging using **10 Watts** of power.

Compact, mobile and foldable: take it with you everywhere

The desktop stand with wireless charger **can be folded up ,,** making it extremely compact and easy to store in a handbag or backpack. Always take it with you to the office or when travelling.

Key features:

- compatible with MagSafe charging technology
