2-in-1 35 W Qi2.2 folding wireless charging base with included wall charger and USB-C cable

SKU: TEWIRQI225FOLD2IN1

Multiple wireless charging options in one compact accessory

2-IN-1 WIRELESS CHARGING UP TO 35 W FOR MULTIPLE DEVICES

This **2-in-1 folding charging base** allows you to recharge **up to two devices simultaneously** via wireless charging. Charge your smartphone thanks to the **wireless base (up to 25 W)**, perfect for mobile phones compatible with magnetic charging, like the Samsung S26 and iPhone 17. This base is **MagSafe compatible.**

By lifting the top to use the stand function, you can also charge your wireless earphones in the base, which delivers **up to 5 W** of power: a practical solution to charge your headphones and your phone at the same time. Ideal for your desk or bedside table, it is a great way to keep your charging station organised, without any unnecessary cables.

FOLDING AND VERSATILE DESIGN FOR ANY SITUATION

The **folding design** makes this wireless charging base particularly easy to transport, ideal for travel or everyday outings. It can be used both as a stand to check your smartphone while charging, and in flat mode for greater stability. The **compact design** allows for easy storage in your bag or rucksack, while the **non-slip feet** offer secure grip on surfaces such as tables, bedside stands or desks.

SMART AND VERSATILE CHARGING: QI2.2, POWER DELIVERY AND USB-C PORT

The integrated **Qi2.2 technology** optimises the wireless charging and ensures precise magnetic alignment, improving stability and energy efficiency.

In addition to charging two devices simultaneously via the wireless base, the **integrated USB-C port** allows you to connect a third device such as a smartwatch: a comprehensive solution for charging multiple accessories simultaneously with a single compact hub.

Use the **45 W wall charger** included in the package to enjoy **Power Delivery technology:** the power output is automatically adjusted to the connected device's needs for fast and safe charging.

KEY FEATURES

- 35 W Qi2.2 wireless magnetic charging
- Charge up to three devices simultaneously
- Compact folding design
- 45 W Power Delivery charger
- USB-C port

INCLUDES

- 1 folding wireless charging base
- 1 cable
- 1 wall charger

2-in-1 35 W Qi2.2 folding wireless charging base with included wall charger and USB-C cable
