Power Fold 3-in-1 Foldable Wireless Charging Station Kit, 35W Qi2.2 with USB-C Charger and Cable Included

SKU: TEWIRQI225FOLD3IN1

Charge three devices simultaneously with a compact and foldable charging station

THE CHARGING STATION YOU CAN ALWAYS TAKE WITH YOU

The **Power Fold 3-in-1 wireless charging station** allows you to charge up to **3 devices simultaneously** using a single charging base. Its foldable vertical design makes it perfect for your desk, bedside table, or travel bag: use it open as a stand to keep your smartphone visible while charging, both vertically and horizontally, then fold it away when not in use to save space in your backpack or suitcase. A practical solution for keeping a powerful charging station always within reach, without clutter.

QI2.2 TECHNOLOGY UP TO 25W FOR PRECISE MAGNETIC CHARGING

The integrated **Qi2.2 technology** delivers fast and efficient wireless charging with precise magnetic alignment for compatible devices. The main charging surface provides up to **25W wireless output**, ideal for smartphones; the stand design also supports vertical charging, allowing you to check notifications, make video calls, or watch content while your device powers up. The two rear charging bases deliver up to **5W each** and are designed for charging a smartwatch and wireless earbuds. The charging station therefore delivers a total wireless output of **35W**, distributed between the smartphone stand and the rear charging bases.

The charging station is also compatible with MagSafe technology, while the dedicated smartwatch charging base is certified **Made for Apple Watch**.

AN ALL-IN-ONE SOLUTION THANKS TO THE INCLUDED CHARGER AND CABLE

The package includes a **45W USB-C wall charger** and a **1.5 m USB-C charging and data cable**, giving you everything you need to start charging right away. The anti-slip base ensures maximum stability during everyday use. Thanks to the integrated **Power Delivery** technology, the charger intelligently manages power output, preventing overloads and overheating while delivering only the energy required by the connected compatible device.

KEY FEATURES

- 3-in-1 wireless charging for smartphone, smartwatch, and wireless earbuds
- Qi2.2 25W technology: precise magnetic alignment and fast wireless charging
- Foldable travel-friendly design
- Compatible with MagSafe
- Total wireless output 35W: 25W smartphone stand and 5W charging pads for smartwatch and wireless earbuds
- Made for Apple Watch
- 45W USB-C charger included

- 1.5 m USB-C charging and data cable

WHAT'S INCLUDED

- 1 wireless charging station
- 1 cable
- 1 USB-C charger
- 1 user manual
