

Desktop Wireless Charger with stand function

SKU: TEWIRSUPPDESKFAST

A standard desktop wireless charger, with stand function, a USB cable and power supply, white color

This **desktop wireless charger** allows you to charge your smartphone simply by placing it on the charging base, with no need to connect any charging cables.

Not simply a **wireless charger**, it is also a practical item of furniture that is very comfortable to use. With its modern and harmonious design, it will fit into every room, from offices to living spaces.

The **stand function** also makes it a useful support for your smartphone. Watching videos or browsing photos has never been so convenient!

This is a **fast recharging wireless charger**, which means that, thanks to the output current of 2.1A, after just 30 minutes your smartphone will be charged at 50%*.

There are **three blue LEDs** on the base, which indicate whether the charger is active, and instantly show whether an electrical connection has been properly established.

Wireless charging is a relatively new technology, so the charger is currently only compatible with some smartphone models. Click on the "**Compatibility**" button above to see the full list.

Features:

- Wireless
- Output current: 1.5A
- Input current: 5V / 2.1A
- A USB power cable and Micro USB is included
- Charge rate for smartphones after 30 minutes: 50%*
