

20,000 mAh powerbank with an integrated USB-C cable, a 20W USB-C Power Delivery port and a 22.5W USB-A Fast Charge port

SKU: TTBB20000LCDTCPD20K

The power you need is always at your fingertips. Charge anywhere in complete freedom.

High capacity to suit every need

The **20,000 mAh powerbank with an integrated USB-C cable** is an essential accessory for anyone who always needs to keep their devices charged, wherever they are. Thanks to its capacity, it is able to provide multiple charges for **smartphones, tablets, smartwatches** and other devices, delivering energy for entire days with no need to plug into the wall.

Integrated USB-C cable: convenience without compromise

One of the unique features of this charger is the **integrated USB-C cable**, which offers a high level of versatility as it can be used both to charge the powerbank (input) and to recharge your devices (output). There is no need to carry additional cables, making it easier to manage charging on the go.

Fast charging with Power Delivery and Adaptive Fast Charge

The power bank is equipped with a **20W USB-C Power Delivery** port, which ensures fast and efficient charging for compatible devices, such as Android smartphones, iPhones and tablets. Furthermore, thanks to the **22.5W Adaptive Fast Charge** output, you can quickly charge devices that don't support Power Delivery, making it an ideal solution for a wide range of products.

LCD display to check the charge

Another strong point is the **integrated LCD display**, which allows you to check the powerbank's remaining charge in real time. No need to guess how much power is left: a quick glance at the display will let you know when you need to charge your powerbank.

Universal compatibility for every device

This powerbank is designed to be compatible with mobile phones and tablets, as well as many **different types of devices such as speakers, earphones, smartwatches and e-Readers**, making it the perfect choice for anyone who travels frequently or has multiple devices to keep charged. Thanks to its ability to charge multiple devices simultaneously and the speed of its ports, it guarantees reliability and high performance in any situation.

Key features:

- 20,000 mAh capacity
- Built-in USB-C cable with input/output function
- 1 x 20W USB-C Power Delivery output
- 1 x 22.5W USB-A Adaptive Fast Charge output
- LCD display to monitor the remaining charge
- Suitable for iPhones, Android phones, speakers, e-Readers, smartwatches, earphones
