

Ultra-slim, 20,000 mAh, 100 Watt powerbank

SKU: TTBB20000PD100W

Take it with you at all times: also charges your laptop with USB-C charging

Power for all your devices

The **slim** 20,000 mAh **powerbank** can recharge a **smartphone**, **tablet**, **speaker**, **e-reader**, **smartwatch** or **TWS earphones** and even a **laptop** or **MacBook** many times over with USB-C charging. In fact, it can deliver **up to 100W** of power: charging is fast and is also ideal for devices that require more power.

Slim, compact, suitable for use aboard aircraft: you can take it everywhere

It measures only 13.4x15.5x1.9 cm. Store it easily in a **backpack** or a **laptop carrying bag**; with its **ultra-slim design**, space won't be a problem for you. Take it aboard aircraft with no worries.

Charge up to 4 devices simultaneously, up to 100W

The **USB-A ports** can deliver **30W** at most and are ideal for charging small electronic devices, such as smartphones. The **USB-C sockets**, meanwhile, can transfer **up to 100W** when used individually and are perfect for a Type-C charging laptop. These sockets are **also** suitable for **ultra-fast powerbank charging** via the **USB-C cable** (included). Connecting four devices at the same time, you can charge up to 30W.

Integrated technologies make for safe charging.

The **USB-A ports** feature **Adaptive Fast Charge (AFC)** technology that understands the power requirements of the device being charged and adapts the power delivered. This allows you to **avoid the risk of overheating and short-circuits**. The **USB-C ports**, meantime, are equipped with **Power Delivery technology (PD)**, a charging standard that allows for the safe transfer of a high level of power.

The LCD screen gives you all the charging information you need

The powerbank features an LCD screen that shows the **percentage of power left** in it and also at what **power level** your devices are being charged, in real time.
