Capacitive pen for smartphones and tablets

SKU: TTTATTOPROTRIO

Interact with your device easily and accurately

FOR EVERY USE

The **capacitive pen** allows you to write on **smartphones and tablets** with maximum precision. Both ends have **different types of tips** to write **on your devices or on paper:** everyday working life will be more practical.

HIGH PRECISION

On one end you have a **classic capacitive tip** ideal for **use on tablets**. Underneath it, you'll find an additional **capacitive tip** designed for **high-precision writing** on smartphones and tablets: signing PDF documents will be very easy. This end features a **rubber finish**, ensuring a **firm grip**.

On the other end, under the handy **protective cap**, is an **ink tip** for taking notes on paper.

ALUMINIUM

The capacitive pen is made of aluminium for **optimal durability**. This material also makes the accessory **look very professional**.

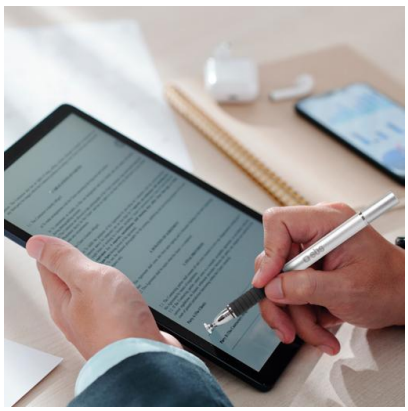

FEATURES:

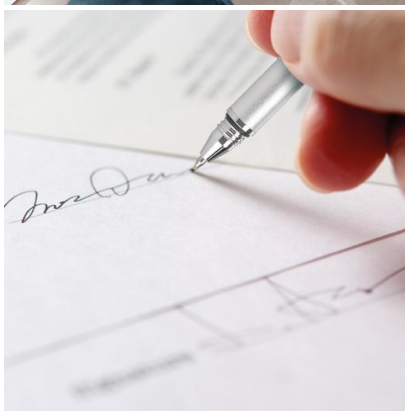

- with 2 capacitive tips: one for use on tablets and one for high precision writing on any device
- with ink tip for writing on paper; with protective cap
- rubber grip
- aluminium
