

Eco-sustainable cover made from recycled materials for iPhone 15

SKU: TEHYBGRSIP1561

A unique combination of sustainability, style and security: discover the GRS certified case

COVERS MADE OF RECYCLED MATERIALS: ENVIRONMENTALLY-FRIENDLY

In the age of conscious consumption, the innovative **Hybrid Case cover for iPhone 15** is a tribute to environmental sustainability and social responsibility. Designed with a view to meeting the growing demand for eco-friendly products, this case is not just a fashion accessory, but a significant step forwards towards a more sustainable **future**.

WHY IS IT IMPORTANT TO BUY A GRS-CERTIFIED COVER?

Our cover, certified according to the **Global Recycled Standard (GRS)**, is designed for anyone looking for an accessory that combines aesthetics and ethics. This internationally recognised certification confirms our commitment to promoting effective recycling practices, guaranteeing the **traceability of recycled materials** and ensuring that production processes adhere to **high environmental and social standards**.

THE ADVANTAGES OF THIS ECO-FRIENDLY COVER

- **Made with 80% recycled materials (TPU+PC)**, it not only offers robust and reliable protection for your iPhone 15, but also ensures that your impact on the environment is reduced to a minimum.

Compatible with wireless charging, this case is designed to offer uncompromising comfort and functionality. You can charge your iPhone 15 without removing the cover, ensuring continuous protection and unrivalled comfort.

THE ECOLOGICAL COVER THAT REFLECTS YOUR VALUES

With our case, you not only protect your device, but **you actively contribute** to promoting sustainable and responsible production practices.
