100-watt GaN charger with Power Delivery (PD)

SKU: TETRGANUSB2CPD100W

Small and powerful, ideal for charging all your devices simultaneously

Ultra-fast charging for all your devices

The *100W GaN charger* is the ideal choice for people with powerful accessories that need a high level of energy. It can **power up to 3 devices simultaneously**. Its unique design makes it very practical: you can insert it into a wall socket either way up and **easily insert your charging cable**.

What sets GaN chargers apart

This charger is made with **gallium nitride semiconductors.** The charger is therefore **small but very powerful,** measuring just 7.4 x 4 x 4.1 cm.

Power Delivery (PD) supply: lots of power, maximum safety

Equipped with a European plug, this charger features **two USB-C Power Delivery (PD) outputs** that deliver **65** and **100 watts** respectively. Even if both are in use, these ports will never deliver **less than 95 watts.** They can charge any device in a flash: **iPhones** and **Android smartphones** from brands such as Samsung, Oppo, Xiaomi and Huawei charge in **10 minutes**; **tablets and iPads** charge in **20 minutes**; and **laptops and MacBooks** in **30 minutes** (charging times are estimates and depend on the battery of the device being charged).
Power Delivery technology combines **impressive charging performance** with **unmatched safety**. There is no risk of short circuits or overloads during charging.

The 36W USB-A port is fast and safe

This universal charger has a third output that supports **USB-A** cables. This port is equipped with **Adaptive Fast Charging (AFC)** technology that determines the power of the charging device. The charger can deliver **36W** to ensure a fast and safe supply without your device being overloaded.

Key features:

- Gallium nitride (GaN) semiconductors: small but powerful
- universal charging for smartphones, tablets, laptops, speakers, e-readers, smartwatches and more
- Maximum power output: 100 watts
- dimensions: 74 x 40 x 41 mm
- smart design
- 2 USB-C ports delivering 65 and 100 watts respectively with Power Delivery technology (PD)
- 1 36W USB-A port with Adaptive Fast Charge (AFC) technology
- European plug

100-watt GaN charger with Power Delivery (PD)
SKU: TETRGANUSB2CPD100W

Technical data

Output power: 100W
Input: 100-240V A.C. 50/60 Hz 2A
Output: 100 max
Connector: 3 USB female
Plug type: European
Technology: GaN
USB Output: 5 V D.C. 3A/9 V D.C. 3A/12 V D.C. 3A (36 Watt max)
Connector 1: 2xUSB-C
Connector 2: USB-A
Charging type: Fast, Power Delivery
Input voltage: 100V - 240V A.C. 50/60 Hz 1.5 A
Type C output: All USB-C ports occupied: 95W max
Color: black
EAN: 8018417447822
SKU: TETRGANUSB2CPD100W
Weight: 30 g
Maximum output power: 100 WATT
