

Anti-microbial wireless TWS earphones

SKU: TEABEARTWSBTk

Wireless earbuds and 300 mAh charging base with anti-microbial Bio Shield surface

UNIQUE

The wireless **TWS Twin Micbeat** earbuds are ideal for listening to music and taking calls.

High audio performance as well as **protection from microbes and bacteria**: both the earbuds and the charging base feature an **anti-microbial surface**. Wear them and use them carefree with confidence.

HIGH PROTECTION

Earphones are accessories that are used frequently throughout the day. There's often more than one pair of hands touching them and they come into contact with surfaces that haven't been sanitised properly.

Just like their base, these Twin Micbeats have an innovative coating with a **Biomaster additive** that prevents and reduces up to **99.9%** of microbial and bacterial growth.

This **certified technology** is based on silver ions that guarantees total **24hr protection 7 days a week**. Biomaster is also **ISO 22196 compliant**.

GOOD VIBES

The earbuds work with **TWS (True Wireless Stereo)** technology, meaning they connect to each other wirelessly. When fully charged, they provide up to 3 hours of use at maximum volume.

Sight, sound, touch: Twin Micbeats offer an all-round sensory experience: comfort is enhanced by the modern **semi in-ear design**, ensuring optimal fit even for extended listening. The sound is crisp and clear for both phone calls and playing music. With **touch controls**, one touch is all it takes to manage your music and calls.

CHARGE

To power them up, simply insert them into their slots on the base.

On a single charge, the case provides a total of **17.5 hours** of Twin Micbeat use. Once the base runs out of charge, you can recharge it at a power source using the cable included in the pack.

FEATURES:

- Wireless V5.0
- Anti-microbial earbud and base surfaces
- Reduces microbes and bacteria by up to 99.9%
- Signal range: 10 metres
- Stereo
- Built-in microphone
- Multifunction buttons
- Usage time: 3 hours at maximum volume
- Standby time: 100 hours
- Charging base battery: 300 mAh
- Charging cable for base included
