Universal travel adapter

SKU: TEADAPT2USBTCPD20UNI

Recharge your accessories anywhere in the world

Perfect for all your trips abroad

The **universal adapter** allows you to charge your **smartphone, tablet, e-reader**, **console**, **camera** or **earbuds** anywhere in the world. Use the handy **levers** to pull out the right plug for the country you're visiting: you can choose from **European**, **British**, **Australian**or **American** plugs. These 4 plugs are suitable **for many countries around the world**, making the universal adapter an indispensable accessory for every destination.

At the top you can connect a UK, EU, AUS or US plug

If you have a charger or power supply you can connect it directly to the adapter. At the top, you will find **holes suitable for an English, European, Australian or American plug**. This port allows you to use more power to charge, for example, a **laptop**.

Charges up to 4 devices simultaneously

It is equipped with **2 x 18 watt USB-A ports** for fast, safe charging thanks to **Adaptive Fast Charge (AFC)** technology, which adapts the power output according to the power requirements of the device being charged. Next to the levers, you'll find a **20 Watt USB-C port** with **Power Delivery (PD)** technology for ultra-fast charging without overheating or short circuiting. This allows you to connect all your compatible cables. With USB sockets and a dedicated wall plug port, you can charge up to 4 devices at the same time!

Compact and easy to store

The universal adapter fits easily**in a backpack or handbag** due to its compact size: take it wherever you go.

Key features:

- 4 pop-up plugs that can be pulled out using the levers: European (EU), Australian (AUS), British (UK) and American (US) sockets
- dedicated slots for connecting a wall charger or power supply unit with EU, AUS, UK or US plug
- 2 x 18 watt USB-A ports with Adaptive Fast Charge (AFC) technology for fast, safe charging
- 1 x 20 Watt USB-C port with Power Delivery (PD) technology for ultra-speedy, safe charging
- can charge up to 4 devices simultaneously
- maximum connectable power: 1840 watts
- Built-in LED to show status
- compact
