2.4A charger with two 2.4A USB outputs

Charging your devices in the car has never been easier, thanks to this compact and ergonomically designed *2.4A charger*.
With the **two universal 2.4A USB outputs**, you can charge your smartphone and other devices easily and quickly. All you need to do is insert the charger's connector into your car's cigarette lighter socket and you can even connect **two devices at the same time** to the USB outputs. When both are used, the output power of each port will be halved.

The **Intelligent Charge** technology allows the connected device to be provided with the maximum charge in the shortest time possible.
After just 30 minutes of charging, the power level of your device will already reach **50%**.
This car charger is the ideal accessory for keeping on you at all times, to deal with **any situation**.
