

MagSafe-compatible cover with metal details and a ring/stand function for iPhone 15

SKU: TEMAGCOVSTIP1561K

This case is extremely versatile: it has metal elements over the buttons and around the camera hole, you can charge your mobile phone without taking it out, and it even works as a stand

A VERSATILE COVER: MEET THE MAG STAND CASE

Mag Stand Case is the perfect case for your **iPhone 15**. This multipurpose case is set apart by its versatility: compatible with MagSafe charging, it has refined metal details and a small ring that also works as a stand.

WIRELESS CHARGING IN THE COVER

This case is **compatible with MagSafe wireless charging**. The cover is actually equipped with a **magnetic module with a ring**, allowing your phone to charge wirelessly via a MagSafe charger. No more taking the cover on and off to charge your phone.

RING/STAND: LOOK THROUGH PHOTOS AND VIDEOS AND BROWSE THE WEB AND SOCIAL MEDIA IN COMPLETE COMFORT

The small magnetic ring for wireless charging also serves another purpose: it can be used as **stand for your mobile phone**. You can view photos and videos or do some browsing while holding your iPhone horizontally or vertically.

The ring even acts as a **comfortable grip** for taking selfies or videos and reels with your mobile phone.

METAL DETAILS AND EXCELLENT PROTECTION: THE COVER OFFERS THE PERFECT BLEND OF PRACTICALITY AND STYLE

The cover is made from two materials: it combines soft edges for ease of use with a rigid shell to better protect your device from bumps and scratches. The Mag Stand case is also embellished with **metal elements over the buttons and around the camera hole**.

KEY FEATURES:

- Compatible with MagSafe charging
- Ring with stand function
- Hard shell and soft edges
