

Fast charge powerbank: 10,000 mAh, 2 USBs

SKU: TTBB10000FASTP

10,000 mAh charger with 2.1A USB output equipped with Intelligent Charge technology, USB-C input/output

SMARTPHONES AND MORE

Perfect for owners of Android or iPhone smartphones, the 10,000 mAh **power bank** allows you to charge two devices at a time. This power bank enables you to charge your device using **the USB and Type-C outputs**. A mobile phone and a tablet or an earphone and a wireless headset: this charger is ideal for those who want their devices to always be charged.

DOUBLE CHARGING

This powerbank is equipped with **two USB outputs** through which it is possible to power two devices at a time. Take the charger with you in your car, office or on a plane, with no limits on charging your smartphone or small devices such as eBook readers, bases and twin earphones.

Thanks to its 10,000 mAh capacity, this powerbank can charge **your smartphone up to 4 times**. *

SPEED AT YOUR SERVICE

The **Intelligent Charge** technology characterises the **2.1A USB** output: this external battery can recognise the maximum power that can be absorbed by your device and regulate accordingly. Your mobile phone battery will be **charged by 50% in just 30 minutes**.

The **1A USB port**, on the other hand, provides **standard 5W charging**.

HOW TO CHARGE THE POWERBANK

The **4 status LEDs** allow you to always keep your powerbank's charge level under control. It can be powered in two ways: with the **Micro USB** input or by choosing the **Type-C** port which also acts as an input.

CHARACTERISTICS

- Capacity: 10,000 mAh
- One USB 2.1A output port with 10 Watt Intelligent Charge (IC) when used individually allows for 50% fast device charging in 30 minutes

- One universal 1A 5 Watt USB output port compatible with all smartphone mobile phone models, headphones and headsets
- One USB-C input and output port for plugging into a compatible device or for charging the power bank

- One Micro-USB input port for charging the power bank
- Charging cable included in the package
- 4 status LEDs

* The values shown refer to a smartphone with a 2500 mah battery with a 20% residual battery, and on stand-by; charging performance is significantly reduced when the phone is on and in use. The number of charges may vary based on the phone model being charged.

** Charging times are indicative and depend on the battery capacity of the device being charged.

Fast charge powerbank: 10,000 mAh, 2 USBs
SKU: TTBB10000FASTP

Technical data

Color: pink
EAN: 8018417399510
SKU: TTBB10000FASTP
Weight: 20 g
Recharging cable: USB - Micro USB Cable
Input: 5VDC/2.1A
Output: 5VDC - 2.1A Max
Battery: Lithium polymer battery
Technology: Intelligent Charge
USB Output: 5V D.C. - 1A
Type C Input: 5V D.C. - 2.1 A
USB 2 Output: 5V D.C. - 2.1A
Type C output: 5 V D.C. - 2.1 A
Micro USB Input: 5 V D.C. - 2.1 A
Battery capacity: 10000 mAh
