

5,000 mAh power bank with wireless magnetic charging

SKU: TEBB5000MAGSPD20W

A small yet powerful power bank: ideal for iPhones and Android devices

It attaches to the body of your iPhone to charges it wirelessly: the height of convenience

This **5000mAh power bank** offers **magnetic wireless charging**. If you have an iPhone that supports MagSafe charging, you can enjoy a truly seamless experience. The flat base of the power bank simply attaches magnetically to the body of your Apple smartphone. You can therefore continue to use your mobile phone normally while it is being charged at **7.5 watts**. Additionally, the **Automatic Detection System (ADS)** technology is designed to supply the right energy level to Apple phones, preventing them from short-circuiting and overheating.

The wireless charging also works for Android smartphones

If you have a phone from Samsung, Xiaomi, Oppo, Huawei or another brand, you can simply place it on the flat part of the power bank to enjoy **fast charging at 15W**.

The USB-C Power Delivery (PD) port is suitable for many types of devices

The USB-C port is ideal for charging a second device like **speakers, tablets, e-readers, headphones, or TWS earphones**. In this case, the maximum power will be **20 watts** for ultra-fast charging. Thanks to the **Power Delivery (PD) technology**, your compatible device will be charged safely without short-circuiting or overheating. This port can also be used to recharge the power bank when its battery is empty.

Small, compact, pocket-sized

The ultra-compact dimensions (102 x 45 x 10 mm) make it easy to transport and ergonomic, **even in your trouser pocket**. You can even bring it **on the plane**: the ideal solution for everyday charging emergencies.

Key features:

- 5,000 mAh
- wireless charging for Android and Apple devices
- magnetic and Magsafe-charging compatible module
- Wireless charging for Android: 15W
- MagSafe wireless charging: 7.5W
- Automatic Detection System (ADS) technology: regulates the energy transmitted to iPhones
- USB-C port offering 20W Power Delivery charging, which can also be used to recharge the power bank
- compact
- can be brought on the plane with no limitations

Includes:

- 1 x USB-A to USB-C cable
- 1 x instruction manual

5,000 mAh power bank with wireless magnetic charging

SKU: TEBB5000MAGSPD20W

Technical data

Recharging cable: USB - Type C

Input: 5V D.C. 2A / 9V D.C. 2A

Output: 5V D.C. 2.4A/9V D.C. 2.22A/12V D.C. 1.67A (PD 20W)

Battery: 5000 mAh

Technology: Power Delivery (PD)

Other features: MagSafe technology compatible

Wireless Output: 15W/10W/7.5W/5W

Color: white

EAN: 8018417456022

SKU: TEBB5000MAGSPD20W

Weight: 100 g

Battery capacity: 5000 mAh
