

Digital Kitchen Scale

SKU: TESPORKITSCALESW

Scale with an LCD display that calculates the weight and the nutritional value of food

This **digital kitchen scale** is a smart balance that doesn't just weigh your food. It also monitors your calorie intake as well as the macronutritional composition of your diet (the amount of carbohydrates, proteins and fats it contains).

The balance must be used with the **free Go Life app**. Developed by SBS, the app is available on Apple's [App Store](#) for iOS devices and [Google Play](#) for Android devices. You must also be connected to the Internet.

Using the scale is extremely easy: once you have downloaded the Go Life app, you just need to turn on the scale, follow the instructions to connect it to the app and then open the control screen. Now you can start to discover the **nutritional content** of your favourite foods.

Features:

- Tare function to weigh empty vessels
- Integrated digital display for weights
- Displays the following nutritional facts: calories, carbohydrates (including sugars), proteins, fats
- Lowest compatible weight: 3g

This product requires the free Go Life app. The app is available for iOS **8.0 and later** devices from Apple's App Store, and for Android **version 4.3 and later** devices from Google Play.

Digital Kitchen Scale
SKU: TESPORKITSCALESW
