

20,000 mAh Powerbank 18W Multiport Power Delivery

SKU: TEBB20000SMFASTK

20,000 mAh Charger: 18 Watt Power Delivery, 1 Type-C input / output, 1 USB 15 Watt output, 1 USB Intelligent Charge output

ESSENTIAL FOR ALL YOUR DEVICES

This **18 Watt Power Delivery powerbank** is a **portable multi-port charger** that allows you to quickly charge multiple devices simultaneously.

Charge your iPhone or Android smartphone, or charge headphones, speakers, earphones, tablets, eBook readers or charging bases. All with one accessory.

Thanks to its 20,000 mAh capacity, this powerbank can charge a smartphone **up to 8 times**. *

POWER DELIVERY

This powerbank offers maximum versatility of use thanks to its ports. The Type-C output has **Power Delivery technology**: the charger is capable of delivering **18 Watts of power**. You can charge the battery of an iPhone 8 or higher, or a smartphone compatible with the PD protocol, by about **70% in just 30 minutes**.

THE TWO USB PORTS

The two USB ports are ideal for charging two devices at a time. However, when used one at a time, the ports guarantee ultra-fast charging.

The blue output has **Intelligent Charge** technology. This system guarantees a smartphone can be charged by **50% in just 30 minutes**. Charging is fast and safe: your device will not overheat and will not be subject to short-circuiting.

The green output supports the **Adaptive Fast Charge** energy transfer protocol. A compatible device can receive up to 15 Watts of power: the battery charge level will be at **80% in just 30 minutes**.

When 2 or 3 ports are used simultaneously, the accessories connected to the powerbank will not have fast charging.

CHARGING THE POWER BANK

The powerbank is **Dual Charge**: it is possible to charge it at the same time as it charges your devices.

In addition to the Micro USB input, the Type-C port can be used as an input. Connect a cable with this type of connector to a power source to charge the device.

The 4 **status LEDs** allow you to always keep the powerbank's charge level under control.

CHARACTERISTICS

- Capacity: 20000 mAh
- Dual Charge
- Intelligent Charge
- Power Delivery 18W
- Adaptive Fast Charge
- Input: Micro USB and Type-C
- Output: USB Intelligent Charge, USB Adaptive Fast Charge, Type-C
- Smartphone charge level after 30 minutes using the Type-C PD Charge output: 70% **
- Smartphone charge level after 30 minutes using the USB Adaptive Fast Charge output: 80% **
- 4 status LEDs
- USB charging cable - micro USB included

* The values shown refer to a smartphone with a 2500 mah battery with a 20% residual battery and on stand-by; charging performance is significantly reduced when the phone is on and in use. The number of charges may vary based on the phone model being charged.

** Charging times are indicative and depend on the battery capacity of the device being charged.

SKU: TEBB20000SMFASTK

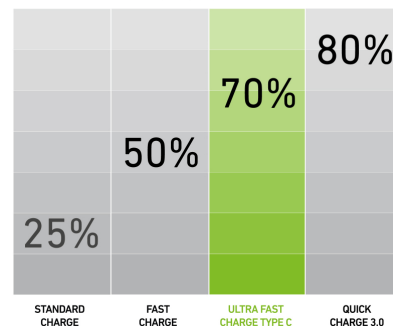

Technical data

Recharging cable: USB/Micro-USB
Input: 5VDC 2A, PD 18 W - Type C
Output: 5V/3A - 9V/2A - 12V/1.5A - 20V/0.75A, 5VDC / 2.1A, PD 18 W - Type C
Battery: Lithium
Technology: Adaptive Fast Charge, Dual Charge, Intelligent Charge, Power Delivery 18 W
Included accessories: Charging cable
Color: black
EAN: 8018417292569
SKU: TEBB20000SMFASTK
Weight: 351 g
