Cover with transparent surface and anti-shock edges for iPhone XS/X

The *Shock cover from the Unbreakable Collection* for the **iPhone XS/X** is the ultimate protection for your device.
This case with a transparent surface has **undergone a drop test** (impact test), in other words a simulated fall from a height of 3 metres. Thanks to the shockproof edges and the double material that characterise it, the Shock case can absorb even strong impacts from accidental falls.
In addition, **vibrations are absorbed** so that the internal components of your smartphone are not damaged.
This cover fits the device perfectly, leaving the connectors and buttons free and conveniently usable. **Safety and practicality go hand in hand.**
