The material with which it is made (PC+TPU) makes it **light, soft** and, at the same time, **very resistant to bumps and scratches**. It is **smooth to the touch** giving a pleasant feeling every time you use your smartphone.

The **side keys** are also protected while remaining fully functional. In addition, the **camera hole** ensures that you can take photos and videos whenever you need them: capture your best moments in an instant.

## THE FLUORESCENT LANYARD ALSO BECOMES A PRACTICAL KEYCHAIN

On the bottom of the cover, there is a **soft lanyard** in striking fluorescent colours. With the practical hook-shaped carabiner you can **attach and detach it whenever** you want and use it in different ways: to keep your cell phone on your wrist, to add a personal touch to a backpack or to hold your house keys.
