

Lightning cable + 18 watt PD charger car kit

SKU: TECRKITPD18LIGW

"Made for Apple" kit with 18 watt Power Delivery technology car charger and 1m long Type-C Lightning cable

SAFE DRIVING, FAST CHARGING

Focus on the road while both Apple devices are recharging quickly. This **car kit** consisting of charger and Lightning-Type-C cable will allow you to concentrate on driving.

ULTRA-FAST CHARGING

The charger connects to your car's cigarette lighter/12V socket. The Type-C output is powered by **Power Delivery** technology: this solution allows you to power iPhones or all PD-compatible smartphones, tablets and iPads in ultra-fast mode. In just 30 minutes your device will reach **70%** of full charge.

CHARGINGx2

You can also power two devices using the **USB 2.1A** and Type-C outputs simultaneously. These two connectors can also power Android devices if you use the appropriate cable (not supplied).

In this case, the Type-C port will not enter PD mode but will still provide quick charging.

The USB port features the **Intelligent Charge** system, which allows this power supply to automatically recognise the maximum power that can be absorbed by your device and adjust it accordingly, providing power quickly.

MULTITASKING CABLE

If you have an Apple product, you will need the **supplied Lightning - Type-C cable** to connect your device with the car charger, ensuring a fast and safe power transfer. If required, you can use the cable individually to **transfer and sync data** such as videos, music and images between different devices.

FEATURES:

- "Made for Apple" device: an accessory designed to support Apple devices,* with manufacturer's certification of compliance with Apple performance standards.
- 1 Type-C outlet with 18W Power Delivery technology
- 1 x 2.1A USB output with Intelligent Charge
- Plug for cigarette lighter/12V socket
- Smartphone/tablet charge level after 30 minutes with Type-C: 70%**
- Cable with Type-C and Lightning connectors
- Cable for charging, data transfer and syncing
- Cable length: 100 cm

* check the models in the "compatibility" section

** times are approximate and depend on the device being charged.

Lightning cable + 18 watt PD charger car kit
SKU: TECRKITPD18LIGW

Technical data

Input: 12/24 VDC
Output: 5V / 2.1A
Connector: 1 USB TYPE-C PD
Plug type: Cigarette lighter/12V socket
Charging type: Power Delivery
Input voltage: 12/24 VDC
EAN: 8018417269288
SKU: TECRKITPD18LIGW
Weight: 80 g
Battery capacity: 3000 mAh
Maximum output power: 18 WATT
