## 20W stereo wireless speaker with metal body and built-in controls

### WHY CHOOSE IT?

Sophisticated technological solutions encased in a product that echoes the aesthetic fascination of a radio. Let yourself be captivated by the melodies of the **Smooth wireless speaker**.

Moments of pure relaxation marked by an immersive and rhythmic sound.

### TECHNOLOGY ON YOUR DESK

Just like the stereo that kept you company during whole afternoons of study or work, you can use this **20W speaker** on your desk. The built-in controls allow you to change the music track and adjust the volume to best enjoy your playlist.

The crystal-clear sound of the high notes combines perfectly with the deep bass to give the listener a unique and **intense musical experience**.

Also, thanks to the hands-free technology, you can answer calls using the answer/end call button. Just get close to the speaker to talk with friends and colleagues through the built-in microphone.

### THE IDEAL GIFT

The packaging of **Jazz range** products is characterized by a description of the genre from which they take their name.

The whole thing is embellished with a card record that features a special YouTube SBS playlist. An original gift idea to amaze all your friends who love good music.

### THE SYMPHONY OF BEAUTY

Smooth stands out for its refined metal shell that gives it an elegant and modern touch.

This speaker has the soul of a radio: able to reach everyone and with a vintage spirit that still has an eye on the future.

The ideal product for those who let themselves be enveloped in memories, emotions and **music with class**.
