

Multicolour Selfie Ring Light

SKU: TESELFIERINGRGBMINI

The LED ring for smartphones that colours your selfies, live streaming and video tutorials

SO YOU CAN GET CREATIVE

The **Multicolour Selfie Ring Light** is a practical and fun accessory to light up your **selfies, live streams and video tutorials** in many colours. This ring with circular LED light attaches to the top of your smartphone using a clip. It's **all-purpose**, so it fits perfectly on any Android or Apple phone. Also, due to its unique design, **the front camera is left unobstructed**. Fully express your creativity and create unique atmospheres.

COLOURS

By clicking the **appropriate button** you will activate the **white light**, which is very useful to brighten up your creations more simply.

Press and hold the button for a few seconds to activate the **colour light**. **There are so many possible combinations**: press the button once to choose the one that best suits your videos and selfies.

BRIGHTNESS LEVELS

You decide the level of light intensity: the **white light** has **3 adjustment levels**. Highlighting details and settings will be simple and intuitive.

CHARGEABLE

When out of power, connect to a power source via the **Micro-USB cable provided**.
