

Extreme X2 Cover for Samsung Galaxy S23 FE

SKU: TEUNBKEX2SAS23FE

Your smartphone will be protected even if it falls from a height of 2 metres

LIGHTWEIGHT, TRANSPARENT AND ULTRA RESISTANT

The Extreme X2 cover is perfect for protecting Samsung Galaxy S23 FE from bumps and scratches. It wraps around your smartphone perfectly without making it look bulky, and with its transparent design, you won't even notice it's there. The materials with which it is made (TPU) make the Extreme X2 cover an excellent combination of resistance and lightness. It also protects the camera area protected but at the same time ensuring that photos and videos are always created smoothly through the rear holes.

IT HAS PASSED DROP TESTS FROM A HEIGHT OF UP TO 2 METRES

The **cover Extreme X2** has passed specific tests that have certified its **resistance to falls from a height of up to 2 metres**. The particular **reinforced edges**, in fact, cushion the blow distributing it throughout the cover.

The **edges also cover the side buttons** offering complete protection for your phone without making it less practical to use. **KEY FEATURES:**

- certified by drop tests from a height of up to 2 metres
- camera holes
- material: TPU
- · reinforced edges
