

128GB Swivel USB 3.0 Flash Drive

SKU: TE30USB128G

128GB USB 3.0 flash drive with a swivel cap and keyring hole

The **128GB flash drive** has been designed for all those in need of fast transfer speeds or those who always have a large amount of files at hand. The USB 3.0 standard is approximately 5 times faster than 2.0: download films and TV programmes in seconds.

Its capacity can hold up to:

- 30.500 images,
- 1920 minutes of video,
- or 1920 hours of audio.

Never lose the caps again: the **swivel cap** prevents the connector from becoming damaged when the flash drive is not in use. It also features a hole so that the pen drive can be **attached to your keyring**.

The flash drive can be used with any devices fitted with a USB port, such as **computers, laptops, tablets, smart TVs, speakers or printers**.

Features:

- USB 3.0 connector (5 times faster than the 2.0 standard)
- Capacity: 128 GB
- Swivel cap
- Keyring hole
