

# MagSafe Charging Compatible Air Vent Magnetic Mount

SKU: TESUPMAGWIR15W

**This car phone holder attaches to your car's air vent and charges your phone in a very short time thanks to its 15W power**

## WHY THIS MAGNETIC CAR MOBILE PHONE HOLDER IS USEFUL

This **holder for car air vents** optimally stabilises your mobile phone while driving. Thanks to wireless charging, you can charge your smartphone while you drive. It is **compatible with MagSafe charging** and allows you to keep your power cord in order thanks to the dedicated slot.

## EASY ATTACHMENT, EXCELLENT STABILITY, TIDINESS: THE ADVANTAGES OF THE CAR HOLDER

This mobile phone holder boasts a special system of secure attachment to the **air vent** of your car. It is also ideal for car models with **circular vents**. Your device will remain perfectly stable while driving. Attach it to the magnet of the bracket using the metal plate included in the package. The rotating joint allows you to position your smartphone **either vertically or horizontally** to choose the viewing mode that best suits your needs. The holder also boasts a small **housing** for storing the charging cable: this ensures that it is on hand for immediate use but also helps to keep your car tidy.

## FAST SMARTPHONE CHARGING: THE BENEFITS OF A WIRELESS HOLDER

Using the included USB - USB-C charging cable, you can connect the mobile phone holder to a charger or to the 12V socket in your car. In this way, the 15 Watt holder will charge your smartphone: **in about 50 minutes** your device will be fully charged. The mobile phone holder is compatible with MagSafe charging, so you can power all iPhone models that support this particular power supply technology.

## DISTINCTIVE FEATURES:

- Compatible with MagSafe charging
- Magnet to attach your mobile phone, plate included in the package
- Air vent attachment joint for 360° smartphone rotation
- Cable housing
- Devices charged to 100% in just 50 minutes (maximum power output 15 Watt)
- Cable with USB to USB-C connectors to power the holder
