

## USB-C to USB-C charging and data cable for up to 240 watts of power

SKU: TECABLE3MTCC240W

### Equipped with an E-Mark chip, this cable offers ultra-fast and safe charging

#### It supports Power Delivery technology up to 240 watts: a single cable for all your devices

This **USB-C to USB-C cable** is perfect for recharging smartphones, tablets, **laptops**, e-readers, speakers and many other devices. It can actually deliver up to **240 watts of power**: ideal for very powerful chargers and **Power Delivery (PD) technology**. You only need one cable to charge all your devices, from Samsung, Xiaomi, Huawei, Oppo and other brands, with maximum efficiency.

#### The E-Mark chip: safe charging

Charge with complete peace of mind thanks to the E-Mark chip, which **supplies energy safely** even at high levels. The device being charged is therefore protected from short circuits and overheating.

#### You can also use it to transfer data between your PC or laptop and your smartphone

Connect the USB-C cable to a PC, laptop or MacBook and transfer photos, videos, documents at **480 Mbit/s**. During the data transfer, the connected device is **also able to recharge**.

#### Key features:

- supports Power Delivery (PD) technology up to 240 watts of power
- with E-Mark chip: safe and efficient charging
- data transfer at 480 Mbit/s
- length: 3 metres

- charge & sync: When connected to a laptop, PC or MacBook, you can transfer data and charge the connected device simultaneously
