

Twin Flow Wireless TWS Earphones

SKU: MHTWSFLOWBTK

This pair of earphones is perfect for music and calls - the sound you want is already in your ears

BENEFITS

Twin Flow are the ideal earphones for those who want to **listen to music and take calls** as comfortably as possible.

Thanks to the **wireless connection**, the earphones easily pair with your smartphone or tablet without the need for wires.

Touch controls give you the option of not having to pick up your smartphone to manage music and calls.

The **modern design and compact size** also make this accessory perfect for everyday use at home or in the office.

MUSIC AND CALLS

Using the **touch controls**, you can **not only play/stop playing your music** but also **answer/reject a call, call the last number** you entered or even **activate the voice assistant feature**. Thanks to the **integrated microphone**, you'll be able to talk to your caller. The sound these earphones deliver is crystal clear – immerse yourself in a unique audio experience.

TECHNOLOGY: THE ADVANTAGES

TWS stands for **True Wireless Stereo**: the earphones **automatically pair** with each other without the need for wires. Once extracted from the base they turn on by themselves; when you're done using them just put them in the same case and they will turn off immediately.

CHARGING

The **300 mAh base** serves as both a handy case and a charger. Simply place the earphones back in to power them up. When the power inside the base is depleted, you can recharge it via the USB-C cable included with the product.
