

Selfie 5000 mAh Power Bank

SKU: TEBB50001USEL

5000 mAh Portable Charger with 1 USB 2.1A output, built-in selfie function and free Go Selfie app

The **Selfie 5000 mAh Power Bank** is a portable battery charger that will allow you to charge your devices (smartphones, headphones or wireless headphones). It is an energy backup that, when it is out of charge, can be recharged thanks to the supplied USB cable.

This portable charger has a unique feature: thanks to the free Go Selfie app you can shoot selfies wherever you are. The power bank's power button will operate as a camera shutter button to take photos: a really amazing feature. The Go Selfie application can be downloaded for free from the [App Store](#) and [Google Play](#).

This power bank allows you to always have an **extra charge of up to 25 hours** available for your smartphone: thanks to the 2.1 Ampere USB output, this portable charger allows you to achieve 50% of your smartphone charge in 30 minutes*.

Intelligent Charge technology allows this portable battery charger to automatically recognise the maximum charge rate that your device can accommodate and regulate the supply accordingly, ensuring the maximum charge can be safely applied as quickly as possible.

In addition, the 4 status LEDs will allow you to check the power bank's power level at any time.

The compact size of this portable charger allows you to carry it with you at all times: in your bag or rucksack, you will always have an energy charge close at hand.

Features:

- Selfie function
- Compatible with Go Selfie, available for iOS (version 7.0 and later) and for Android (version 4.4 and later)

- Capacity: 5000 mAh (up to 25 hours of extra charge)
