

5000 mAh Pocket Power Bank

SKU: TEBB5000POCK

Portable fast-charging battery charger with Intelligent Charge; equipped with 1 Micro USB input and 2 USB outputs (1 A and 2.1A), black

LIKE A CLUTCH BAG

The **Pocket Power Bank** is a portable battery charger whose great strength is its extremely small size. Not only is it very light, but its ultra-thin design also makes it transportable in the pocket of a jacket or in a woman's clutch bag.

TECHNOLOGY IN THE PALM OF A HAND

Small dimensions, great performance. The 5,000 mAh Pocket Power Bank is equipped with two USB outputs (2.1A and 1A) for charging two devices simultaneously.

The blue-coloured output also has **Intelligent Charge** technology. Thanks to this innovative system, the portable charger automatically recognizes the maximum power that can be absorbed by the device being charged, and adjusts accordingly: it provides the maximum recharge in the shortest possible time, completely safely.

The smartphone charge level will already be **at 50%** in just 30 minutes.

WITH YOU EVERYWHERE

The Pocket Power Bank can be easily recharged: the USB-Micro USB power cable is included in the package. Moreover, you can also freely take it **on a plane**: power will be at your side everywhere.

FEATURES

- Capacity: 5000 mAh

- Pocket sized and very light
- Intelligent Charge
- Input: Micro USB
- Output: 2 USB (1A and 2.1A)
- Lithium polymer battery
- Smartphone charge level after 30 minutes with Intelligent Charge: 50% *
- USB charging cable - Micro USB included

* Charging times are approximate and depend on the battery capacity of the device being charged.
