

## Book case with removable cover for iPhone 14

SKU: TEBKDETIP1461K

### The book case whose interior can be detached and used as an ordinary cover

#### USE IT AS A BOOK CASE OR AS AN ORDINARY COVER

The **book case with removable cover** is designed to protect your **iPhone 14** from minor bumps and scratches. **You can use it in two ways:** as a book case or as an ordinary cover.

The **keys are always left free** and the handy **camera hole** allows you to take pictures without removing the phone from the case

#### THE PROTECTION YOU NEED WITH THE BOOK CASE

The smartphone will be completely wrapped: **the screen will also be protected**. The front flap can be opened and folded to better handle calls while leaving the screen clear. The **magnetic closure** also prevents accidental opening, providing additional security.

Inside the case there are **3 pockets** to store **credit cards, notes, cards or documents**. This way, you'll always have the most important cards at your fingertips.

#### CAN BE USED AS AN ORDINARY COVER

Using slight pressure, the case detaches from the microfiber cover it is magnetically attached to. In this way, it transforms into a **PC+TPU** cover: soft at the sides and rigid at the back. The cover will perfectly follow the features of the phone, **maximising its protection without weighing it down**.

This feature is very useful if the book case is too bulky to attach the smartphone to a car mount, or simply when you have little space to store it in the pocket of your jeans and need a lighter cover.

**KEY FEATURES:**

- hard book-style case
- removable PC+TPU cover
- magnetic closure
- 3 cardholder pockets
