

Wireless receiver with stereo earphones

SKU: TEBTRECEIVERW

Wireless receiver with integrated controls, stereo earphones, and clip; colour: white

WIRELESS TECHNOLOGY THAT IS ALWAYS AT HAND

The **wireless receiver** is a product that is always worth carrying with us: it has unique characteristics.

This accessory is equipped with a jack input into which you can plug the **stereo earphones** that are included in the package, or other headphones with the same 3.5 mm connector. Thanks to wireless technology you can connect your smartphone to the receiver and use the headphones for music and calls.

The receiver has a built-in microphone and volume control button, making it easy to answer incoming calls **without having your smartphone in your hand**. In fact, the operating range is 10 metres.

YOUR SMARTPHONE MUSIC ON YOUR CAR OR HOME STEREO SYSTEMS

All you need is a **jack-jack cable** (not included) to connect this product to your car or home stereo systems and listen to your smartphone music through them.

AT YOUR SIDE EVERYWHERE

The **clip** is designed for dynamic people like you, who are always on the move for pleasure or business: you can clip the receiver to the lapel of a jacket or to a pocket on trousers.

You will find a **Micro USB charging cable** in the box. This is for easily charging the receiver. Simply insert the cable into the output and connect it to a power source such as a PC or charger.
